

Microwave Sensor Switch By Motion Detection

Standard Features

- Emits microwave energy to detect movement
- Wall or ceiling mounted
- Adjustable relock timer
- Adjustable sensor range

Specifications

- Switch rating 3A/120VAC, 3A/24VDC
- Maximum current: 80mA
- Frequency: 10.525GHz

Models	Voltage	Descriptions/Dimensions	Sensor range
MCS-425	12-24VAC/DC	Microwave sensor switch, Adjustable relock delay time 0.5-4 seconds, 122.5 x 72 x 63mm	7 meters
